## COMPANY INTRODUCTION

Xuzhou Runyi New Material Co., Ltd. is a comprehensive industrial company integrating design, production and sales. It specializes in producing various wooden crafts such as indoor and outdoor painted wooden lines, door frames, fire-proof door frames, integrated materials, red cedar hanging boards, barbecue boards, etc. It also has branches in Canada. Its products include Primed Base board, Primed Door jamb, Primed Door frame, Primed Door casing, Primed Crown moulding, Primed Door stop, Primed quarter round; Wood Louver, Wall board. The products are made of Paulownia, pine, red cedar, rubber wood, LVL, MDF, etc. They have passed various certifications such as FSC, ISO9001, SGS, etc. They are the suppliers of gold products to Alibaba International Station. The predecessor of the company is Xuzhou Hongtu Wood Industry Co., Ltd., with a history of 30 years. With exquisite craftsmanship, novel styles and good after-sales service, the products have won the trust of customers at home and abroad. The product sales network covers all over the world, and the products are sold to Europe., North America, the Middle East and Southeast Asian markets.

DOOR STOPS

The door stop mouldings are attached to the door jamb on both sides and at the top. It is where the door comes to a rest when it is closed, stopping the door from moving any further, and covering the gap that would otherwise appear between the door and the jambs.
